**Our solidarity is urgent: Take action now**

**Join SPSC and the fight in Scotland  
for Palestinian liberation**

**Scottish  
Palestine  
Solidarity  
Campaign**

BUILDING EFFECTIVE SOLIDARITY

# What is the JNF?

The JNF (Jewish National Fund) - also named *Keren Kayemeth Lelsrael (KKL)* in Hebrew, meaning 'Perpetual Fund/Capital for Israel' - was founded to implement the Zionist settler colonial project in 1901. Its sole purpose is to acquire Palestinian land by any means necessary. Today, the JNF in Scotland and in over 50 countries enjoy tax relief through their charity status to organise and fund ethnic cleansing, apartheid and environmental greenwashing.

## Write to OSCR

Let us send a clear message to the Scottish Charity Regulator (OSCR):

**It's time Scotland follows Canada's lead to revoke the charity status of KKL JNF Scotland!**

AND SEND YOUR LETTER

**STOP THE  
JNF**

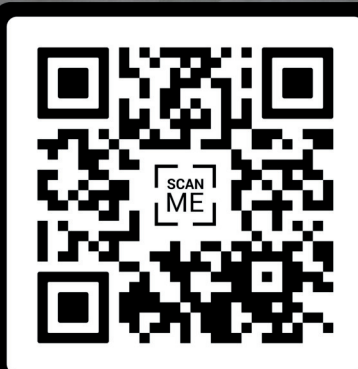

<https://qrco.de/oscr>

*Israeli military and settler violence in the West Bank is escalating, as villages and cities become increasingly isolated by new checkpoints and barriers.*

Entire communities are being torn apart, access to water is restricted or cut off, and transportation to work and education is made impossible. Israel's Illegal settlements - colonies - continue to expand across Palestinian land, each one rapidly growing, encircling and isolating nearby villages with the aim of driving out Palestinians from their land.

## Plant a Tree in Palestine

DONATE

**Support the project in solidarity with Palestinian farmers resisting settler colonialism**

**The Plant a Tree is a project of the Stop the JNF Campaign. There are three main objectives:**

**RESIST:** helping farmers plant trees is a powerful form of resistance

**RECLAIM:** supporting the ongoing struggle to sustain and reclaim land

**RETURN:** supporting the return to the land while the JNF continues to force Palestinians from their farms
