BUILDING EFFECTIVE SOLIDARITY

SCOTLAND MUST DISTANCE FROM ENDLESS WARS

Scotland needs to separate from a London regime complicit in Israeli genocide in Gaza and in ongoing US-led wars, including the attack underway on another UN member state, Iran, launched while negotiations were ostensibly underway.

Prestwick Airport has been used to refuel US military aircraft supplying Israel during the Gaza genocide. It has also facilitated the US aggression against Iran, with Donald Trump saying he could bomb Iran *“just for fun...bombing our little hearts out”*.

The US Secretary of War prayed at a 'Christian breakfast' in the Pentagon for God to give US soldiers *“overwhelming violence of action against those who deserve no mercy”*.

The National exposed how Glasgow Prestwick airport is supporting the US bombing of Iran.

A range of authoritative analysts have warned of the risk that Israel could resort to nuclear weapons if faced with defeat.

This is the madness and criminality Scotland's continued membership of the UK makes us part of.

Scotland's historical record on Palestine is not a noble one. Arthur Balfour, a Scot, helped facilitate the colonisation of Palestine. Scottish regiments were prominent in the 1917–18 British conquest of Palestine that led inexorably to the long-term dispossession of the Palestinian people. Winnie Ewing, revered by many in the SNP, was a strong supporter of the apartheid state.

Today, however, most Scots oppose the actions of the State of Israel. The Scottish Palestine Solidarity Campaign has led successful efforts to boycott and isolate the genocidal state, prompting one Israeli diplomat to remark that *“every appearance by an official Israeli representative in Scotland is like a visit to enemy territory”*.

Join us in maintaining and strengthening that opposition, and in broadening support across Scotland for Palestinian freedom. As Nelson Mandela said, *“Our freedom is incomplete without the freedom of the Palestinians”*. Supporters of Scottish independence must act in that spirit.

SPSC Statement, March 2026

After 2½ years of genocide in Gaza, Israel is escalating its violence against Palestinians in the West Bank and once again invading and bombing Lebanon. Israel and the US launched an unprovoked surprise attack on Iran, assassinated the head of state and other senior government figures, and targeted schools, hospitals, key civilian infrastructure, as well as military sites.

The seemingly unhinged US President approvingly compared his attack on Iran to the 1941 Japanese strike on Pearl Harbour and stated he could resume bombing of an Iranian oil hub "just for fun". This latest war, driven by Trump and an Israeli Prime Minister already wanted by the International Criminal Court (ICC), has already caused widespread suffering and raises the spectre of a global catastrophe. Every citizen of Scotland is already paying a price and will pay more as a direct consequence of this escalation.

This is a war to achieve genocidal Israel's unchallenged dominance in the region, including potential expansion into neighbouring countries. The UK military has actively participated in Israel's actions in Gaza, and Starmer is now dragging us dangerously into this illegal war; Starmer has already insisted that "Israel does have that right" to deny water to Palestinians in Gaza. The UK played a key role in creating and supporting a nuclear-armed Israeli state that now threatens to unleash further suffering worldwide to achieve its goals.

Scotland needs to distance itself from this military alliance with Israel by:

- **Condemning and dissociating from the UK–Israel 2030 Strategic Roadmap**
- **Refusing the use of Scottish airports and military bases for US–Israeli military operations**
- **Ending all relations between government bodies and the de facto Israeli consulate in Scotland**

Solidarity Is Our Weapon

Support and join the Scottish Palestine Solidarity Campaign. Get involved in our efforts to stand with the violated people of Palestine and to challenge the institutions in Scotland that are complicit in, or have facilitated, the greatest crime against humanity imaginable.

We need you. Whatever your skills, you have something to contribute. We need writers, videographers, designers, speakers, organisers – people willing to give time, creativity, and energy to a struggle that demands all of them.

Solidarity is not charity – it’s a collective struggle. We stand shoulder to shoulder with the Palestinian people against Israel’s apartheid system and the governments that enable it.

BDS works. It’s non-violent, democratic, and powerful.

“If there is no struggle there is no progress. This struggle may be a moral one, or it may be a physical one...but it must be a struggle. Power concedes nothing without a demand. It never did and it never will.”
